## OPENING TIMES

A visit to our shop is a must. We are renowned for the wide selection of quality foods and accessories.

Our range includes most major brands of complete dog and cat food plus our ever popular range of frozen and cooked meat and fish.

Customers come from a very wide area to seek expert nutritional/problem solving advice.

As more people are becoming aware of the importance of feeding their pets a natural wholesome diet. We are able to offer an extensive range. To keep your other pets happy the shop also provides an excellent choice of bird seed, small animal feed, treats & accessories. Not forgetting wild birds and poultry.

Why not ask in store about our super savers loyalty scheme, offering you fantastic savings on your everyday brands.

For various reasons not all pets are suited for kennelling therefore Imberpark 'HOME' offers an alternative.

Carefully selected carers are able to meet your pet's individual needs. Your pet can stay in the comfort of the home of one of our dedicated carers. This alternative would suit elderly pets or those with particular health issues.

Imberpark has a long standing reputation for excellence in the field of animal boarding and care. 'HOME' is a division of Imberpark and has been put in place to cater for the needs of both dogs and owners, who when the time comes may need to find an alternative to boarding.

Maybe you feel that boarding your dog is no longer an option due to your pet's old age.

For others your dog may need round the clock attention because of an ailment where drugs need to be administered during unsocial hours.

A home environment can offer that extra special care, love, and the necessary creature comforts that will reassure the dog and their owner.

## MEAL TIMES

Imberpark is one of the longest established family owned boarding kennels in the country and has been home to the present family since 1985.

Nestled on the outskirts of leafy Charlton village and very close to the famous Shepperton Film Studios. Imberpark is surrounded by acres of farmland and open countryside yet only 50 Minutes from the centre of London and 15 minutes from Heathrow Airport. We are easily accessible via major roads and motor ways (M3, M25 & A4).

With Imberpark's expertise in the specialist field of animal care, we are able to cater for most of your pets needs on an individual basis insuring that they receive the best care and attention from one of our dedicated staff. The premises are under 24 hour supervision by CCTV

In 2001 it became a flagship for Nestle Purina the manufactures of popular Pro Plan, Felix & Winalot pet foods.

It makes the perfect place to board your pet.

The kennels are constructed to a high standard and licensed by the local authority.

Each dog is housed in their own individual accommodation and each kennel is large enough to house more than one dog from the same family.

Each kennel has a large covered detached run, which provides ample exercise during the day. In the tiled sleeping area each dog is provided with a bed and Vetbed bedding which is replaced twice daily.

The thermostatically controlled heating system provides constant warmth during the cold weather.

At an additional charge we offer the following services:

Off- site exercise – Your dog is walked in a harness, collar and lead in the meadows adjacent to the kennels, either individually or in a group by our fully insured and experienced kennel staff. This provides added stimulation and a change of scenery.

A refreshing kennel bath spritzer service is also available for your dog. Leaving them clean & fresh ready for your return.

Built to the highest standards and considered to be one of the most modern state of the art catteries around.

The suites are constructed solely of UPVC and comprise of individual double glazed tiled units with full height sneeze barriers. No wood has been used in the construction of the cattery as it can lead to the harbour of germs and fleas.

Cool in the summer and warm in the winter. All have individual radiators providing constant heat during the coldest weather. Except for family groups all borders enjoy their own accommodation.

Each cat pen has a shelf and bed with fresh Vetbed bedding, replaced twice daily. Attached to the sleeping area all boarders have their own run housing the cat litter tray and aerobic activity centre, giving your cat plenty of exercise/interaction.

Litter trays are changed regularly and a choice of litter from various popular brands are available. Cleanliness is paramount and only licensed Medichem products are used in the daily cleaning regime.

The cattery looks out onto the landscaped gardens with a waterfall, pond and trees giving the cats plenty of wildlife to observe.

Meal times are a pleasure here at Imberpark. Our kitchen /food preparation area is run to the strictest of hygiene standards.

Our large on site pet store enables us to fulfil most of your pets feeding requirements.

Meals are prepared on site under the supervision of our own qualified dietician who ensures all individual nutritional requirements are met.

We are also able to cater for special diets and administer prescribed food/medication as necessary.

Fresh drinking water is available at all times.

A vet is always on call and will liaise with your own veterinary surgeon should the need arise.

## TRANSPORT SERVICE

If you are under pressure and you have little time spare to either drop off or collect your pet, or simply do not drive, Imberpark can take care of you and your pet will arrive safe and secure at their destination.

Travel in comfort.
